

# CAPELA

## WHITE WINE / DOC ALENTEJO / 2019

Region: Moura, Alentejo, Portugal  
Producer: Casa Clara  
Winemaker: Alexandra Mendes

**GRAPE VARIETIES:** 50% Antão Vaz, 45% Arinto and 5% Verdelho.

**THE VINTAGE:** The year was a very balanced year in Alentejo. The incidence of disease was very low and there was almost no need to treat the vines. The dry and hot conditions in the summer caused the grapes to ripen early, bringing the harvest date forward. It was a good year, which produced wines with elegance and freshness.

**CLIMATE:** Typically Mediterranean with a strong continental influence, and huge temperature variations. The region's dry hot summer days and cool nights contribute to the perfect maturation of the grapes and the quality of the wines.

**SOIL:** Poor soils, dominated by limestone; perfect to produce fresh, mineral and structured wines.

**VINIFICATION:** Grapes are carefully selected both during harvest and in the cellar. The grapes are destemmed before crushing. Fermentation with selected yeasts. Aged on fine lees for 2 weeks.

**TASTING NOTES:** Citrus colour. On the nose, the wine shows an intense tropical aroma with strong pineapple scents. On the palate the wine is smooth and fresh, with a very harmonious long finish.

Best consumed at 10°-12°C.

**AWARDS:** Bronze Medal at the International Wine Challenge (UK, 2020).  
Choice of Market at 'Wines of Portugal' in Grandes Escolhas Magazine (Portugal, 2020).  
90 pts in Guia de Vinhos – 2021 by Aníbal José Coutinho with Neil Pendock, (Portugal, 2020).  
'Good' at 'Wines You Can't Miss' in Paixão Pelo Vinho Magazine (Portugal, 2020).
