SIGNIFICANCE OF "LOS ALTOS":

Our ancestors planted Viura in "Los Altos" (the uppermost part) of every vineyard. To enhance the structure of the wine, maceration on the grape skins was extended before fermentation. The result is a true jewel that takes us back to our origins.

INTERESTING FACTS: **Mendi** is the nickname of Juantxu Mendieta, the one-man wonder (owner, farmer & winemaker) from Lanciego behind this extraordinary project. Mendi's grandparents gifted this magnificent vineyard to his parents as a wedding gift. Mendi hopes to transmit his passion for his old vine vineyards into a magical wine becoming a reference for high quality, terroir-driven Rioja wine.
